

## The Organizing Committee

Thomas Eggermann  
Agnès Linglart  
Irène Netchine  
Andrea Riccio  
Karen Temple

## And the Scientific Committee members of COST Action BM1208

Thomas Eggermann  
Karen Gronskov  
Deborah Mackay  
Eamonn Maher  
David Monk  
Irène Netchine  
Andrea Riccio  
Karen Temple  
Zeynep Tümer

are pleased to welcome you for the

## **1<sup>ST</sup> EUROPEAN IMPRINTING DISORDER SCHOOL**

*May 19-21, 2014, Mery-sur-Oise, France*

## 1<sup>st</sup> European Imprinting Disorder School May 19-21, 2014, Mery-sur-Oise, France

# Preliminary Programme

### MONDAY 19 May >> afternoon

02.00 pm	Welcome and Introduction	<i>Pr. Agnès LINGLART, France Pr. Andrea RICCO, Italy</i>
<b>TRANSGENERATIONAL INHERITANCE/BASIC SCIENCE</b>		
<i>Chairs: Dr. Deborah MACKAY &amp; Pr. Thomas EGGERMANN</i>		
	Introduction	<i>Pr. Thomas EGGERMANN, Germany</i>
02.10-03.10 pm	Epigenetic reprogramming	<i>Pr. Wolf REIK, United-Kingdom</i>
03.10-04.10 pm	DNA methylation in the context of imprinting	<i>Dr. Philippe ARNAUD, France</i>
04.10-04.30 pm	Break	
04.30-06.00 pm	>> <i>Parallel workshops</i>	
	• Clinical genetics, syndromology	<i>Pr. Karen TEMPLE, United-Kingdom Dr. Zeynep TÜMER, Denmark</i>
	• Application of molecular databases	<i>Dr. David MONK, Spain Dr. Deborah JG MACKAY, United-Kingdom Dr. Franck COURT, France Dr. Faisal Ibne REZWAN, United-Kingdom</i>
06.00-07.00 pm	Chromatin marks in imprinting	<i>Dr. Robert FEIL, France</i>

### TUESDAY 20 May >> morning

#### EXPERIMENTAL MODELS AND DISEASES

*Chairs: Dr. David MONK & Pr. Andrea RICCIO*

09.00-10.00 am	Animal models for genomic imprinting	<i>Dr. Gavin KELSEY, United-Kingdom</i>
10.00-11.00 am	Mechanisms in imprinting disorders	<i>Pr. Bernhard HORSTHEMKE, Germany</i>
11.00-11.20 am	Break	
11.20-12.40 pm	Parallel oral sessions Basic 1 and Translational 1: Oral presentation of 10 selected abstracts presented by attendees	
12.40-02.30 pm	Lunch & guided poster tour	

## TUESDAY 20 May >> afternoon

### DISORDERS OF CHROMOSOMES 14 AND 15

Chairs: Dr. Zeynep Tümer & Pr. Irene NETCHINE

02.30-04.00 pm	>> <i>Parallel workshops</i>	
	• Clinical genetics, syndromology	Pr. Karen TEMPLE, United-Kingdom Dr. Zeynep TÜMER, Denmark
	• Application of molecular databases	Dr. David MONK, Spain, Dr. Deborah JG MACKAY, United-Kingdom Dr. Franck COURT, France Dr. Faisal Ibne REZWAN, United-Kingdom
04.00-05.00 pm	Molecular bases of disorders affecting chromosome 14	Dr. Marika CHARALAMBOUS, United-Kingdom
05.00-05.30 pm	Break	
05.30-06.30 pm	Prader-Willi syndrome, clinical aspects	Pr. Maithe TAUBER, France
06.30-07.15 pm	Clinical or molecular cases with chromosomes 14 and 15 disturbances	Pr. Eamonn MAHER, United-Kingdom

## WEDNESDAY 21 May >> morning

### DISORDERS OF CHROMOSOMES 7 AND 11

Chairs: Pr. Karen TEMPLE & Pr. Eamonn MAHER

08.30-09.15 am	Molecular regulation of chromosome 11 imprinted regions	Pr. Thomas EGGERMANN, Germany
09.15-10.00 am	Clinical presentation and treatment of Silver-Russel syndrome	Pr. Irene NETCHINE, France
10.00-10.15 am	Dissecting the Spectrum of Beckwith-Wiedemann Syndrome	Jennifer KALISH, USA
10.15-10.45 am	Break	
10.45-11.45 am	Parallel oral sessions Basic 2 and Translational 2: Oral presentation of 10 selected abstracts presented by attendees	
11.45-12.30 pm	Clinical or molecular cases with chromosome 7 and 11 disturbances	Pr. Karen TEMPLE, United-Kingdom
	Closure	Pr. Andrea RICCIO, Italy Pr. Agnes LINGLART, France Pr. Karen TEMPLE, United-Kingdom

19 - 21 May 2014

19 - 21 May 2014
